

What percentage of the Australian public say they will have a use for an electronic waste recycling scheme in the next six months?

86% of people surveyed believe they will need to recycle some electronic equipment such as a mobile phone or computer in the next six months.

There are many local collection programs for different types of e-waste.

'Cartridges 4 Planet Ark', MobileMuster and the National Television and Computer Recycling Scheme are three national programs that are free to use.

Search RecyclingNearYou.com.au to find a collection point near you.
